Charlie Hebdo

Anjuman e AhleBayt strongly condemns the criminal attack and the horrible murders in France. Our thoughts and prayers go to the loved ones and families of those killed in this attack. We offer our condolences to the families, friends and the employees of Charlie Hebdo.

Our Prophet (SAWW) used to pray for the person who mocked him; he NEVER killed anyone or ordered anyone to be killed. During this week when we are commemorating the birth of Prophet Muhammad (SAWW) we should be promoting his teachings and not killing innocent people in the name of Islam.

Finally, these barbaric criminals do not represent Islam – the religion which places utmost sanctity on human life. We urge the authorities for swift apprehension of these perpetrators, who should be punished to the full extent of the law.

Wasalaam
